Saturday 11th February, 10am-4pm

Vine Trust is a volunteering charity which seeks to enable volunteers to make a significant difference to some of the poorest children and communities in the world. We send work parties and school groups to help build homes in Peru and Tanzania for abandoned children and send health care professionals to work on our Amazon Hope ships along the Amazon river and its tributaries. We would like to invite you to our open days on our 'barge' to find out more about our work and volunteering opportunities.
